World Health
Organization

*****World No Tobacco Day Greetings*****

In the month of **June 2018**, we had started our first issue of **AIHMS PARTNERS PAGE** as a humble monthly publication with a total circulation of 1,000 copies to all partners and patrons. After months of consistent efforts, we are proud to reach 8,000+ national & international institutions and 80,000+ individuals every month.

The current issue of **AIHMS PARTNERS PAGE** is being published as a tribute to all our 535 CSO Partners all over India, working on 17 SDGs across 25 states and 2 union territories. We are honoured to publish the **96th Edition of AIHMS PARTNERS PAGE** for your ready reference of our activities in India. However, all the earlier volumes have been made available in both of our websites that can be reached by you at any time:

<https://aihms.net/e-newsletter.html>

<https://www.vikashsamukhya.in/e-newsletter.html>

As you can well recall that the severe outbreak of **COVID-19 in April 2020** has led to many of our consortium members doing their best to help the cause by supporting the marginal and outreach communities living in remote areas of different backward districts in India.

Sincerely, we thank you for your encouragement and support all these years and look forward to working with you in near future when another new wave of **COVID-19 Respiratory Infections** is threatening us right now.

~AIHMS-Global & VIKASH-SAMUKHYA Team

 **SUSTAINABLE DEVELOPMENT GOALS**

Committed to Working Together with our 535 CSO Partners until the 17 SDGs are achieved for India

Our Program Sectors

Health & Family Welfare

Nutrition & Food Security

Formal & Non-Formal Education

Livelihood Opportunities & Skill Development

Agriculture & Animal Husbandry

Information & Communication Technology (ICT)

Renewable Energy & Clean Environment

Climate Change & WASH

Partnerships & Networking

(Control + Click each sector for further details)

Global Advocacy on COVID-19

AIHMS-Global

Since April 2020, AIHMS-Global & VIKASH-SAMUKHYA on their part are continuing to do their best regarding Global Advocacy on COVID-19, by collaborating with national & international institutions to address the severity of the global pandemic.

<https://www.aihms.org/global-advocacy.html>

The screenshot shows a web browser window with the URL aihms.org. The page content includes:

- Achievements:** A list of four items with globe icons, detailing AIHMS-Global's role in the Scientific Committee of ISA-2019, its status as a Regional Champion for HPSR, its support for HIFA, and its role as a founding member of CSEM. A "READ MORE..." link is at the bottom.
- Sustainable Development:** A central circular graphic with five segments: PEOPLE (End poverty and hunger), PLANET (Protect our planet's natural resources), PROSPERITY (Ensure prosperous and fulfilling lives), PARTNERSHIP (Implement the agenda through a solid global partnership), and PEACE (Foster peaceful, just and inclusive societies).
- Strategy:** A blue box with the text: "On the basis of mutually beneficial understanding, AIHMS shapes up every individual partnership. However, the general strategic approach could be portrayed as follows" and a "READ MORE" button.
- Covid-19 - Global Advocacy:** A blue box with the text: "AIHMS-Global & VIKASH-SAMUKHYA on their part in continuing their efforts in global advocacy on COVID-19 ..." and a "READ MORE" button.
- OUR PARTNERS:** A section header at the bottom of the main content area.

The browser's taskbar at the bottom shows the Windows Start button, several application icons (Chrome, File Explorer, Word, DW), and the system tray with the time 8:00 AM and date 12-Apr-21.

17K homes turn to biogas, reduce dependence on LPG & firewood

LOKMAT TIMES Special

Joint initiative of Infosys, Yuva Rural Association in Nagpur & Bhandara districts

ASHISH ROY
LOKMAT NEWS NETWORK

Nagpur: In the rural belts of Maharashtra, where energy insecurity has long dictated daily life, a quiet yet powerful transformation is underway. What began in 2021 as a climate-conscious initiative has today evolved into one of the most impactful clean energy transitions at the grassroots.

Supported by IT solutions giant, Infosys Limited, and implemented by Yuva Rural Association (YRA), the 'Clean Cooking Solutions for Rural Maharashtra' project is not

A biogas set installed in one of the villages in Parseoni tehsil of Nagpur district.

just addressing cooking fuel -- it is reshaping rural economies, ecosystems, and everyday dignity.

Spread across Nagpur and Bhandara districts, the initiative today covers over 17,000 farmer families across 700 plus villages, backed by an investment of nearly 60 to 70 crore. At its core lies a simple principle: convert cattle waste into clean energy, reducing reliance on firewood and LPG.

Devraj Patil, YRA's head-

What is a biogas set?

A biogas set produces methane gas and slurry from animal dung. Methane is used for cooking while the slurry acts as a fertiliser in farms. This model is suitable for farmers having quite a few cattle. A biogas set costs approximately ₹40,000. This cost is borne by Infosys. Its size is 7 feet by 7 feet and requires a depth of 3 feet. Not much maintenance required for the set. The biodigester valve has to be shaken after a gap of some days and carbon has to be removed from the cooking stove by washing.

programme, told Lokmat Times how the project has transformed the lives of farmers. "In Dharmapuri, a farmer family has turned bio-gas slurry into an enterprise, earning ₹3 to ₹4 lakh annually by selling organic manure. Across villages, similar shifts are visible -- what was once waste is now a source of livelihood.

Turn to Pg-2

Yuva Rural Association (Maharashtra) is appreciated by the Local Press for their continuous efforts in empowering local communities to go for the use of Alternate Energy Resources
